

The Pukeko Post

Friends of the School Term Three Newsletter

Dear Friends,

As the blossom breaks out on the trees of Napier South and sunshine rains down on late winter evenings, our thoughts turn to ice blocks, barbecues and - you heard it here first - Christmas. This term we will be taking orders for calendars featuring your children's art work. These are popular gifts and will be ready in plenty of time for wrapping up or posting overseas. There will be more information about those coming home as the days grow longer.

Lunch Alert

Coming up on Thursday August 21 is a Brumbies Bakery Lunch. Menu of the day is either a mince pie, cheddarmite (a breadly cheesy thing) or Hawaiian Pizza and a choice of chocolate chip cookie, jam doughnut or fresh cream doughnut. It'll be \$5.

Would you believe that the world's biggest doughnut was 4 stories high and big enough for jet fighters to fly through the middle? One of the pilots got raspberry jam all over his windscreen and crash landed in a small lake of whipped cream. This was before dairy prices went through the roof obviously.

Cake, Coffee and More Cake Morning

For parents new to the school or anyone interested in **free cake** (and finding out more about the Friends of the School) there will be a coffee morning this Wednesday from 9am in the staff room. Please come or we'll be forced to eat all the gateaux, brownie, neenish tarts, lemon sugar muffins etc on our own. Preschoolers are welcome.

Psssst - get training for a duathlon in Term 4.

Room Seventeen Rocks

The school disco was a great way to finish Term 2. Among the many having a boogie were (from left) Larissa, Paige and Ripeka from Room 17.

In all things
seek the highest

The Playground Just Got Better

Friends of the School was pleased to contribute almost \$4000 towards the new senior play equipment. Pictured above trying it out are John, Cameron, Emma and Flynn from Room 11 and Molly Gordon, age 4. Another recent donation was \$300 to replace sandpit toys for the junior school.
