

Kia ora whanau

Isn't it good to have the sunshine today. I know many of you are still in clean up mode, I hope the warmth of today is some help.

Our main damage here was in the library and one of the back offices. We were very fortunate to have only one library book damaged. The rest of the books floated in their plastic containers until they could be rescued!

If you need support and are unsure of how to access it, please get in touch with us here at school. We will be able to help. We posted the following information on our facebook page yesterday but here it is again in case you missed it.

If you need help contact the Work and Income Napier flood line on 0800779997 . You don't need to be on a benefit to receive this assistance. They can help with medical costs, bedding, food, emergency accommodation, power bills, loss of income, repairs and replacements of appliances.

School Communication

In the case of an emergency it really highlights the need for us to be able to communicate effectively with our community. In our recent event it was great to see that most of you are receiving our online communication whether that be through Facebook, Skoolloop, email, or Seesaw. It is really important that we can contact you in an emergency, so if you are not receiving communication through one of these platforms, please ask your child's teacher or come into the office so we can help you to set it up.

Friday Assembly

We had a lovely school assembly on Friday. Our whole staff sang a song to the children about the importance of good sun protection for their face. We had a range of hats on display, some sensible, but most were more decorative!

We also spoke about the importance of not only showing respect to each other, but also to our surroundings and environment. We feel very fortunate at our school that this year has seen some exciting new building projects, and we have more planned for 2021.

SPCA Fundraising

We all enjoyed the delicious lemonade that Mrs Whitiri, Room 12 and parent helpers made to sell to students during the lunch break. This was very popular resulting in over \$500 being raised for the SPCA. Children also brought in blankets and toys for the animals in shelter. A great team effort!

Tuakana/Teina Tabloids Day and Fun Run

Our planned sports day has had to be postponed due to the ponds still visible on Nelson Park. It is a pity as the weather looks beautiful for tomorrow but unfortunately the grounds will need more time. The new date for our sports day is Thursday 26th November, 11.15am - 1.00pm.

Tuakana/Teina classes will begin by rotating around a range of activities, followed by a fun run. Tuakana/Teina groups are new this year, with the aim of strengthening relationships between our older and younger students. We have such wonderful students in the Kiwi Team who are amazing role models for all students in the school.

We will be running a sausage sizzle on this day and all students will get one free sausage. Additional sausages can be purchased for \$2.00 each (children/parents/spectators). There will also be a coffee cart available for adults.

Parent Helper Morning Tea

We are holding a morning tea to say thanks to all of the people who have helped at any stage throughout the year. If you have helped with a sports team, Breakfast Club, FOTS, a class trip, donated fruit/and or Milo or in any other way, please join us on **Wednesday 2nd December from 10 - 11am** so that we can enjoy some tasty food and say thanks.

Take care everyone.

Pip

Keeping up to date with Nelson Park School communication....

We use Skoolloop, parent email and Facebook for sharing all our school information

Download Skoolloop from the Appstore or Playstore and choose Nelson Park School
